To whom it may concern:

QT Manufacturing has contracted with TMAC (formally Texas Manufacturing Assistance Center) to provide consulting services in support of their efforts designing and implementing an AS9100C Quality Management System (QMS) at their manufacturing facility in Dallas, TX. A full Internal Audit of the AS9100C QMS has been completed, resulting in a revised project completion date of October 2016.

TMAC is based at the University of Texas at Arlington and is part of the nationwide Manufacturing Extension Partnership (MEP) group.

TMAC continues to assist QT Manufacturing with the development and effective implementation of its' AS9100C QMS.

If you have any questions concerning this project, feel free to contact me at any time.
